\$6.00 PER YEAR.

Mr. Kaukaha said that if His Ex. the Minister of Foreign Affairs wished to go down to the country, and his own horses were over-worked, he would probably be justified in hiring Mr. Ward's horses, and this was the position of the Assembly, they find that the GAZETTE Office cannot do the work, therefore the Assembly proposed to have the work done

in the Advertiser Office.

His Ex. C. C. Harris thanked Mr. A. F. Judd. for coluting out the errors in the Gazerra, that he had taken much care and solicitude in seeing that the GAZETTE was free from errors, but did not intend to trouble himself in that respect so much in the future, and sympathised very much with the remarks made out the same on the roads in the districts in which by Mr. Kankaha, that if we could not do our own work to call in extra help; that the Government Printing Office had been over run with work the past two weeks, but that he hoped they would soon be out of their pilikia as many of the Bills were already printed and would soon be before the House, and he had not the slightest doubt that hereafter the House would not be kept waiting. He agreed perfeetly with the Hon. Member from Honolulu, that this House should not be kept waiting on the printers, and that If the Government Printing Office could not do the work, he thought it perfectly proper that the Committee should take the surplus printing of the House to some other establishment The Printing Committee would avail themselves of the implied permission of the Assembly, by calling

Printing Office. Mr. Carter said the Government Printing Office is ours in the sense that we have to pay its bills; that the Resolution of the Hon, Member from Libne (Mr. Rice) is clear and explicit in its terms; that the printing of the House be divided between the two offices; and that he disliked the evasion of the Minister of Foreign Affairs of its express terms, and this acceptance of the Resolution simply as a recommendation to the Printing Committee to employ extra help if they needed it. If the Government Printing Office belongs to the people, why were they not represented on the Committe, no we find two Ministers on the Committee and not a single Representative. Why are the Representa-

tives ignored ? His Ex, the Minister for Foreign Affairs replied that he never evaded a question when he attempted to argue the same, and that he could hardly ex. pect the same courtesy from the Member from Honolulu, that he would extend to him, yet the House might; and that Mr. Carter is surprised that the Committee on Printing was composed entirely of two Government Officers-His Ex. the his intention to bring forward the Appropriation Minister of Finance and himself. That the same gentlemen had been on the same Committee for the past three sessions of the Assembly, probably ause they are used to a Printing Office, but he would gladly resign his position as a member of the Printing Committee .- a Committee whose datics were not blessed with either honor or profit, nor could even give advice to the Assembly, but simply obey orders; and as for himself he favored the appointment of Mr. Carter on the Printing

Committee in his place. Resolution laid over to the next day-(when it was allowed to drop .- ED. GAZETTE.) Mr. Carter stated that this matter had been partly before the house a few days ago, via., a District Justice using his position to influence an election and such was the charge made against this Mr. Solnmon Kahoohalahala, and by the 809th Section of the Civil Code, such act was punished by a fine not exceeding \$50; and according to reports the District Justice of Lanai and Molokai was guilty of the offense mentioned in his Resolution. It was one of the deares rights of the people to vote : their vote was worth more than money to them, and this House ought to protect the votes of the people by not countenancieg such actions as Mr. Solomon Kahoobalahala was accused of. He hoped the Resolution would be adopted, and if Mr. Kahoohalahala was not guilty, the Resolution could do him no harm.

As for the Attorney General, he believed him to be a good and officient Officer, and if he had heard the Report of the Judiclary Committee he certainly would have taken some notice of it. As it was, the report of the Judiciary Committee might be filed away and the Attorney

General never hear anything of I as District Justice for Molokai and Lanai, and was certainly guilty of what he is accused. He doubted if the Assembly could order the Attorney-General to prosecute the offender, but it might ask him to inves
